

Pre-qualification Criteria for Avishkaar Trainers

We are looking for smart female instructors to partner with us in a freelance role.

The candidates should matching the following criteria

- Graduate with B.Tech / M.Tech in Electronics & Communication, knowledge in STEM/Arduino/ Robotics/ MATLAB/ IoT will be preferred
- Preferably Married
- Responsible
- Positive Attitude
- Customer Focus
- Punctual
- Flair to deal with students

School sessions will be assigned for taking training in Robotics Labs/ ATL Labs/ Robotic Clubs.

The sessions will entail bit of travelling in Delhi/ NCR Region.

The session would involve teaching & developing interest of robotics, electronics, mechanical concepts to school students from age group 5 years to 14 years.

The payment would be determined by number of sessions taken, payment will be discussed with you once you apply with us.

No separate travel reimbursement will be given to you.

Number of sessions would be determined as per calculation by BBLS Program Coordination team.

You will be paid monthly in cheque / NEFT.

Last minute refusal to take session would entail a disciplinary action & may cost monetarily.

Bonus, Leaves, LTA, Medical and other allowances would not be applicable for you.

Remuneration will be subject to certain statutory deduction.

You will undergo paid training organized by Building Blocks.

During your association with building blocks you will not work with any of our competitor in the domain of science & robotics.

You shall not disclose any of the vital information related to building blocks financials & products to any of our competitor.

Both parties agree to give 30 days notice for the cancellation of the agreement.
